

Sport Premium

The government provides additional funding to improve provision of physical education (PE) and sport in primary schools. This funding – provided jointly by the Departments for Education, Health and Culture, Media and Sport – will be allocated to primary school headteachers. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Eligible schools Funding for schools will be calculated by reference to the number of primary-aged pupils (between the ages of 5 and 11), as recorded in the annual schools census in January 2015.

Purpose of funding Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding might include:

- hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE
- supporting and engaging the least active children through new or additional Change4Life clubs
- paying for professional development opportunities for teachers in PE and sport
- providing cover to release primary teachers for professional development in PE and sport
- running sport competitions, or increasing pupils' participation in the School Games
- buying quality assured professional development modules or materials for PE and sport
- providing places for pupils on after school sports clubs and holiday clubs
- pooling the additional funding with that of other local schools

How will Zouch Academy Allocate the Funding?

Sport Premium Funding Proposal 2016/17 at Zouch Academy

Figures based on: £8000 + £5 per pupil (231 children based on census) = £8000+£1155=£9155

For Zouch Academy the main focus for the expenditure is:

Providing our KS1 and KS2 children with specialist P.E. teaching from Chelsea Foundation. Chelsea Foundation was formed in 2010, and brings together the Football in the Community and the Education department along with the club's other charitable and community activities, including environment and anti-discrimination projects. As one of the world's leading football social responsibility programme the Chelsea Foundation uses the power of sport to motivate, educate and inspire. Chelsea foundation believe that the power of football can be harnessed to support communities and individuals both at home and abroad. On top of their outstanding football development programmes, the Chelsea Foundation works on a broad range of initiatives focusing on employment, education, social deprivation, crime reduction and youth offending.

At Zouch Academy coaches from the Chelsea Foundation support the teaching of Games, Dance and Team Sports. Children receive high quality P.E. teaching which supports our P.E. curriculum. Coaches plan specific programmes of study based on the needs of individual classes and in addition meet with members of the Senior Leadership Team to look at effectiveness of delivery and pupil progress X3 per year. Coaches also meet weekly with our Sports lead to ensure she was confident to support other teaching staff with the delivery of P.E. Chelsea Foundation also provide extra-curricular delivery however this is funded by the school.

Therefore at Zouch Academy we:-

- Continue and further develop the many sporting enrichment opportunities we offer out of school hours for all the children
- Continue and further develop competitive sports with our school teams
- Raise the profile of PE and healthy living in lessons and assemblies
- Ensure we are training our staff to build on the expertise of the Chelsea Foundation and use it in future teaching lessons.
- Know that the addition of Chelsea Foundation to the teaching of P.E. ensures that the children are more enthused about P.E. and that our Sports lead in school feels more confident to support other teaching staff with the delivery of P.E. Children with specific challenging behaviour have positive male role models to relate to.
